The image features a teal background with white line art of various birds in flight. The birds are depicted in various poses, some soaring with wings spread wide, others in more dynamic, curved flight paths. The line art is minimalist and elegant, capturing the essence of the birds' forms and movements. The word "SOAR" is centered in a bold, white, serif font.

Nature & Peace

You know some birds are not meant to be caged,
their feathers are just too bright

Hope is a good thing, maybe the best of things,
and no good thing ever dies.

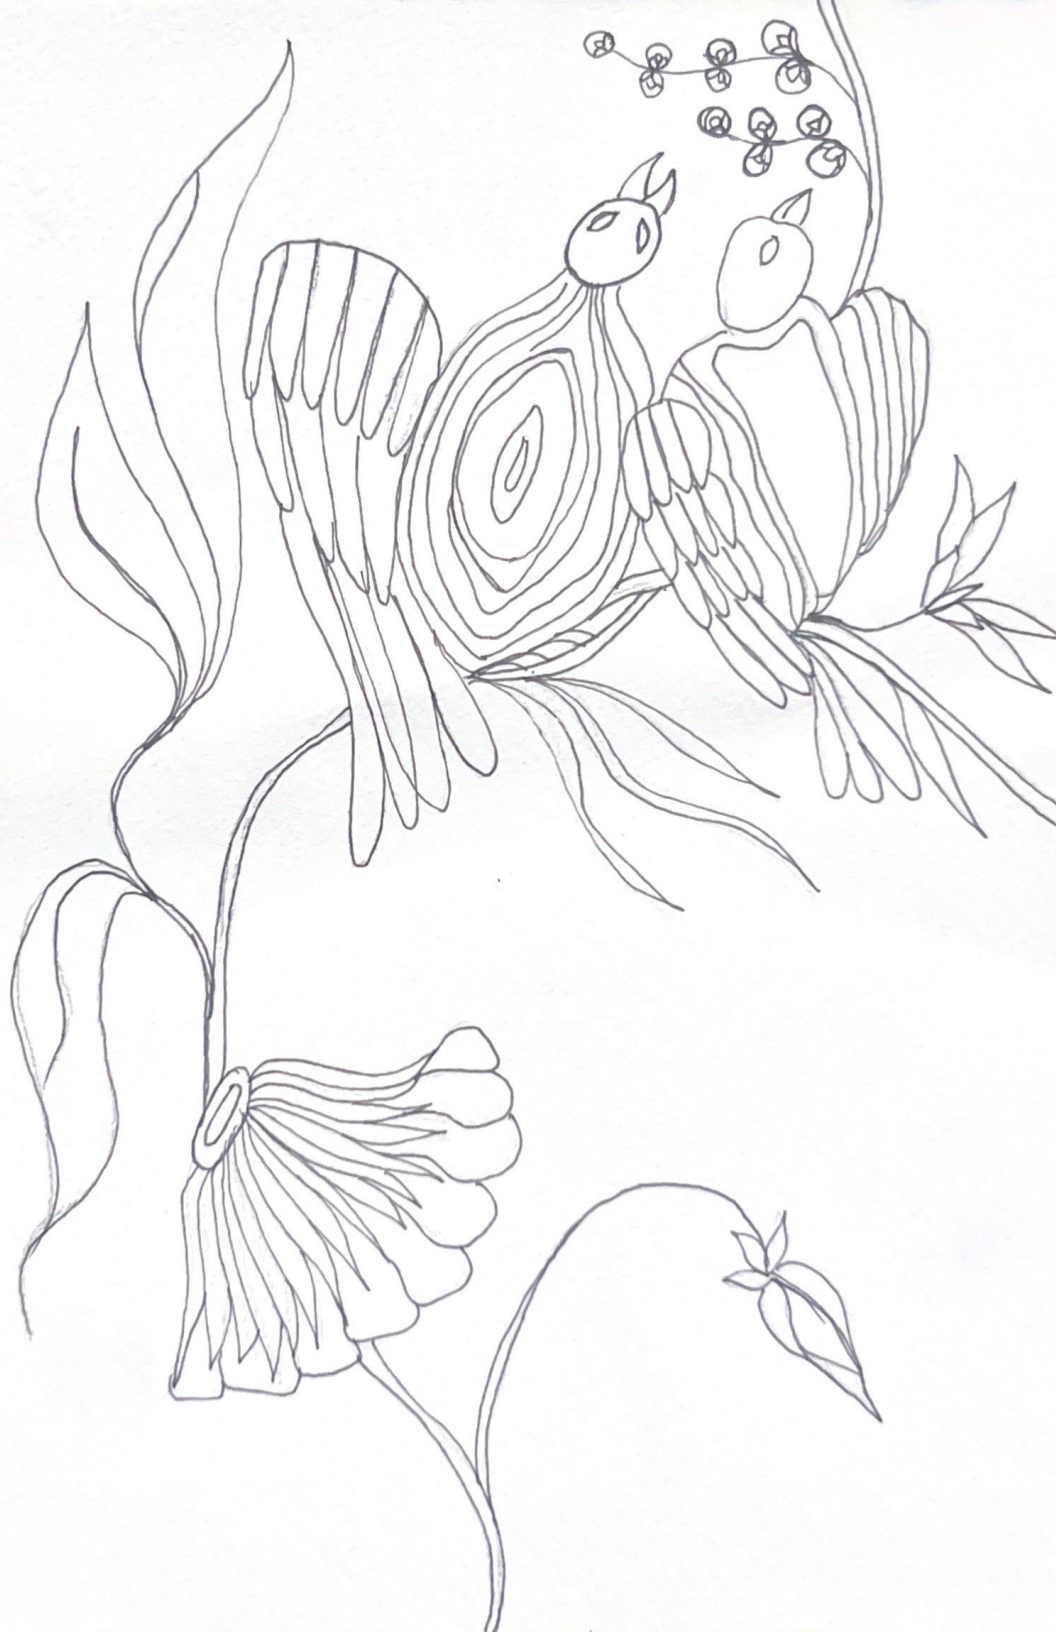

The image features a repeating pattern on a black background. The pattern consists of stylized yellow birds, likely doves, perched on thin, winding grey vines. The birds are depicted with detailed feather patterns. Interspersed among the vines are grey line-art flowers with multiple petals and small clusters of berries. The overall aesthetic is classic and romantic, typical of early 20th-century decorative arts.

PETALS

The image features a repeating pattern of white flowers and leaves on a solid blue background. The flowers are stylized, with five petals and a central detail. The leaves are simple, elongated shapes. The pattern is arranged in vertical columns, with the word "BLOOM" centered in the middle.
